**West Virginia Northern Community College
Multiple Measures Placement**

WVNCC uses high school and college transcripts, standardized and placement test scores, and guided self-placement to determine which English and math courses are appropriate for incoming students. Students applying for selective admissions programs or changing majors should consult an advisor regarding placement specific to those circumstances.

I acknowledge my course selection affects the path to my graduation and I have talked to my advisor about this decision considering my time and finances. Having discussed my background and options with my advisor, I choose to register for the following course(s).
